On 19 July, the Bidasoa activa - Bidasoa Bizirik agency held two technical seminars, one in Basque and the other in Spanish, together with NAIDER, to convey some relevant messages to the agency's workers regarding regulations and tools on energy efficiency, renewable energies and saving measures. The aim of the course is to reinforce the training of the Agency's team in terms of the requirements of current legislation and new sustainable energy solutions to contribute to the reduction of energy consumption in the region.

Eskerrik asko agentziako arduradunei Naiderrengan jarri duzuen konfiantzagatik. Ikastaroa zuentzat onuragarria izatea espero dugu.
