- Analysis and planning for the revitalisation of cities and territories in terms of competitiveness, innovation and entrepreneurship.
- Strategic analysis of sectors
- Competitive positioning of companies
- Design and evaluation of public policies.
- Territorial governance mechanisms.
- Industry support plans/actions

- Plans/actions to promote the science, technology and innovation system.
- Plans/actions to promote entrepreneurship
- Plans/actions for the management of Artificial Intelligence opportunities.
- Plans/Actions for the regeneration and competitiveness of urban environments
- Plans/Actions for the regeneration and competitiveness of industrial areas
- Strategic initiatives and collaborations with scientific-technological agents and companies in the framework of the ecological, energy and digital transition.
- Economic and socio-economic impact analysis.
- Economic and Econometric Analysis
- Monitoring indicator observatories and datatools.

## LINKAGE MODEL

Joining the NAIDER staff with a permanent employment contract that can be reviewed annually (initial six-month trial period). The idea is to build a long-term professional career.

## WORKPLACE

Bilbao / Donostia

## CONDITIONS

- **Remuneration:** Remuneration at Naider is very competitive and is based on the candidate's skills/experience/commitment.
- **Participation in results:** A part of the company's results is shared among the members of the team.
- **Flexibility:** It is a position that requires presence at the work centre to which the candidate is assigned, although this presence is combined with specific formulas for teleworking and other flexibility schemes to ensure a work-life balance.
- **Linkage:** the professional career at Naider leads people to become partners in the project.

## MINIMUM EXPERIENCE

At least five years of professional experience relevant to the position.

## LANGUAGES

Full competence in **Basque, Spanish** and **English**. Preferably, full competence in all three languages simultaneously.

## APPLICATION PROCESS

Send us your application. We will manage it with absolute discretion and responsibility. We will contact those people whose profile seems to us more suggestive and suitable for what we are looking for.
