

CIUDAD NAIDER, THE RIGHT TO THE CITY

Posted on 13/05/2015 by Naider

In the NAIDER CITY we champion the fight against discrimination and in favor of the social inclusion of less favored groups and people. It is an essential dimension of our sustainable city model.

In these times of crisis and confusion, we reaffirm our commitment to solidarity and social justice.

We are committed to shielding the city against the tyrannies of poverty and exclusion.
