END OF DIGITAL PRIVACY

¿Cuánto sabes acerca de la privacidad digital?
Un sencillo test que nos ayuda a comprender la cuestión
(haz click en la imagen)

didactics in this question making us understand the scope of the subject in a few clicks as a Trivial game.

Attention! It is not a test to find out your level of privacy and how you manage it, but a game to learn from all this in a simple way,

He talks about the use of data in American agencies, facial recognition, how Facebook manages to send us well-targeted advertising, Google and the "right to be forgotten". A few things that serve above all to raise awareness about the issue of digital privacy.

You can find the full analysis in the latest issue of this magazine [en this link](e).
