

# REFUGE CITIES, FREE CITIES

*Posted on 03/09/2015 by Naider*

It is time for solidarity, for an open hand, for generosity. It is time for empathy, for awareness, for awareness. It's time for old Europe. Or a new one. Of whatever. It's welcome time.

Syria is experiencing a drama that is growing every day, fortunately, society is beginning to demand a change in immigration policy, there is talk of cities of refuge; a network of cities willing to collaborate with those who request help. It's time to open borders and..... about time.
