

SEPTEMBER, BITCOIN MONTH

Posted on 16/09/2015 by Naider

September has become Bitcoin month, this new online payment tool has been present in the market for a long time, consolidating step by step, until an investment of 45 million dollars has been achieved this month (without having finished yet).

Startup investors have targeted the bitcoin market, so much so that in the last two years funding rounds have increased by up to 1,200%.

The cases of companies with the largest financing rounds and growth potential are the following:

Chain; With up to 30 million dollars

Open: 12 million dollars

Shapeshift; 1.6 million
