

# IDEA FOR EUSKADI #8

*Posted on 11/09/2012 by Naider*

Our colleague Carlos Cuerda sends us more ideas related to institutional rationalization of Euskadi:

*Idea by Carlos*

**IDEA FOR THE BASQUE COUNTRY #8:** Rationalization of the number of town halls. Overcoming the inefficient model of 251 municipalities for 2.1 million inhabitants so that all municipalities have sufficient critical mass to address their own competencies and simultaneously correspond to the socio-urban reality of the Basque Country where there are urban frameworks that they configure orphan metropolises of no institutional reference that manages them effectively in the face of a sum of nano-city councils that are often incapable and overwhelmed by their own reality.
