In the coming years (2024-2028), the Town Council of Ortuella will benefit from NAIDER's technical assistance in environmental matters. Specifically, we will collaborate with the Town Council in the planning and environmental improvement of the territory, environmental participation and environmental management, among others, giving us the opportunity [to continue the work](#) we have been doing for the last two years.

As part of the assistance, we will work with the schools of Ortuella, managing and implementing the Local School Agenda Project.
