

ATENEO NAIDER PROPOSALS FOR THE SUSTAINABLE ECONOMY LAW

Posted on 14/12/2009 by Naider

Category: [News](#)

Here are several of the proposals that our friends from Ateneo Naider have carried out around the **Sustainable Economy Law**. Pay special attention to what they say and do not hesitate to participate in case you want to add something, disagree on any point or simply want to give your opinion.

Throughout these days, we will be publishing a series of articles around this hot topic that creates debate in society. **What are you waiting for to participate?**

- [Sustainable human capital for a new productive model](#) by [Maite Martinez-Granado](#) and [David Arias](#)
- [The opportunity to create a new Basque science and technology system](#) by [Eva Arrilucea](#)
- [Law of sustainable economy. The opportunity of a political pact for a change of model](#) by [Carlos Cuerda](#) and [Mercedes Oleaga](#)
- [The future is already here](#) by [Iñaki Barredo](#) and [Antxon Olabe](#)
