NOW AVAILABLE THE FIRST DONOSTIA ZINEMALDIA SUSTAINABILITY REPORT

Posted on 05/01/2022 by Naider

Category: News

The document of the first Environmental Diagnosis of the San Sebastian Festival, in which Naider has had the honour of collaborating, is available on the Zinemaldia website.

The diagnosis has not only focused on the 9 days of the festival, but on its entire life cycle, in the 365 days that the organisation and preparation of the event lasts.
