

NOW AVAILABLE THE FIRST DONOSTIA ZINEMALDIA SUSTAINABILITY REPORT

Posted on 05/01/2022 by Naider

Category: [News](#)

The document of the first [Environmental Diagnosis of the San Sebastian Festival](#), in which Naider has had the honour of collaborating, is [available](#) on the Zinemaldia website.

The diagnosis has not only focused on the 9 days of the festival, but on its entire life cycle, in the 365 days that the organisation and preparation of the event lasts.
