As part of the design and organisation of the Basque Health and Environment Observatory project, NAIDER organised a meeting with health and environment experts to enrich the design phase with their impressions and contributions.

The session brought together senior representatives from leading organisations: Marina Lacasaña, director of the [Andalusian Health and Environment Observatory](#); Carolyn Daher, public health specialist at the [Barcelona Institute for Global Health](#); Manuel Franco, researcher at the [BC3 Basque Centre for Climate Change](#); Aitana Lertxundi and Jesús Ibarluzea, researchers from the [Biogipuzkoa Health Research Institute](#); Manuel Subiza Pérez and Unai Martín, researchers from the [University of the Basque Country](#); Joseba Garrido Urkullu and Aitor Cevidanes, researchers from [Neiker](#); and Efrén Feliu, Area Manager at Tecnalia.

The meeting was supported by technological platforms to make the debate more dynamic and to address the different topics in an interactive way.

The screenshot shows a Zoom meeting interface. At the top, there is a toolbar with icons for 'Separar', 'Chat', 'Gente' (12), 'Participar', 'Reaccionar', 'Vista', 'Notas', 'Aplicaciones', 'Más', 'Cámara', 'Micro', 'Compartir', and 'Salir'. The main content area is split into three parts: a large presentation slide on the left, a mobile phone displaying the same slide in the center, and a grid of video thumbnails on the right. The presentation slide has a light blue background with the 'naider' logo in the top left and the Basque Government logo in the top right. The title is 'EUSKADIKO OSASUN ETA INGURUMEN BEHATOKIA · OBSERVATORIO DE SALUD Y MEDIO AMBIENTE DE EUSKADI'. Below the title, it says 'Ongietorri diseinuan parte hartzeko salora · Bienvenido/a a la sesión de participación en el diseño'. At the bottom left of the slide, it says 'EDURNE ASTABURLIAGA'. The mobile phone display shows the same content but with a white background and a black border. It includes the Basque Government logo at the top, the title, the welcome message, and a footer that says 'Powered by Mentimeter' and 'By using Mentimeter you accept our terms of use and policies.'

¿Hacia qué usuarios/as y/o entidades consideras que debería estar dirigido?

¿Qué tres palabras o conceptos se te vienen a la mente cuando piensas en un *Observatorio de Salud y Medio Ambiente*?
