We had the opportunity to participate in the Regional Forum of Uribe Kosta, which was organised at the PiE in Plentzia. Representatives from the mayors and town councils of the region, the [Commonwealth of Uribe Kosta](#) and the Provincial Council of Bizkaia (DFB) were in attendance.

During the conference, our colleague Iñaki Barredo presented the work carried out with the Association for the Diagnosis of the Business Ecosystem of Uribe Kosta and the identification of opportunity territories for economic promotion.

The representatives of the DFB's Department of Economic Promotion also discussed the evolving role of development agencies in the Basque Country, illustrating their talk with examples of outstanding projects from other leading counties, including [Meatzaldeko Behargintza](#) and [Goieki](#).
