Congratulations Haizea!

Our colleague [Haizea Aguirre Puértolas](#), senior urban planner at Naider, has been awarded finalist in the TFG-TFM MONDRAGON Sariak Awards for her Master's Thesis on 'Innovative Financial Instruments Based on Circularity and Sufficiency for a Sustainable Built Environment in the European Union', in the category of Energy-Climate Transformation - Decarbonization, Circular Economy and Climate Neutrality.

The work was carried out as a student of the Master's Degree in Circular Economy: Application to Business of the UPV/EHU.

In the category, 70 works were evaluated by a jury composed of [Ibon Antero Intxausti](#) (Mondragon), [Maria J. Sanz Sanchez](#) (BC3), [Aritz Otxandiano Kanpo](#) (Fagor Taldea) and [Haizea Gaztañaga Arantzamendi](#) (Ikerlan).

For the three categories of the awards in its first edition, more than 260 works have been submitted from [UPV/EHU](#), [Mondragon Unibertsitatea](#), [University of Deusto](#), and universities from 17 Spanish cities, Switzerland and Italy.
