Jokin Etxebarria, Economy and Innovation Coordinator at Naider, will speak on 31 May at the [miniLife Habitat Congress](#), a meeting place to deepen the values of cities and intermediate scale nuclei as environments of health and wellbeing, particularly in the scenario of Castilla y León, organised by [AEICE Clúster Hábitat Eficiente](#).

Jokin will contribute his vision as an expert in economic promotion and territorial competitiveness in the debate that will take place at the conference, which will focus on the needs for improvement and lessons learned from cities that are benchmarks in quality of life applicable to the regional context of Castilla y León.

[Registration](#) for the event, which will be followed online, is free of charge.
