Naider participated yesterday May 13 in Durangaldea in a (third) meeting with mayors and business, educational and technological agents of the region. We present the conclusions to build a new governance model that gives a boost to actions in the area of economic promotion and business development.

An exciting project promoted by the Commonwealth of Durangaldea and the Amorebieta-Etxano City Council, with the support of the Provincial Council, to which the municipalities of the Region and the agents involved are joining in a stimulating exercise of collaborative governance and leadership shared.
