Next Saturday, 14th May, the second edition of the local market for the promotion of local produce will be held in the Altzako Harria Park.

After last year's success, this year we will also have the opportunity to buy products from farmers and producers in the Altza neighbourhood and nearby villages. The initiative promoted by Fomento de San Sebastián will take place on 14 May, from 9:30 to 14:00. Vegetables, cheese, honey and preserves, among other products, will be on sale. In order to make the market come true in Naider we have already started to help to organise all the work to be done. See you there!
