sustainability

NAIDER will be attending the <u>10th European Conference on Sustainable Cities and Towns</u> on 1-2 October. Organised by <u>ICLEI</u>, the event brings together European and global leaders in urban sustainability every three to four years. <u>Udalsarea 2030</u>, the <u>Basque network of sustainable municipalities</u> is a partner of the 2024 edition. It is returning to the Danish city on the occasion of the 30th anniversary of the signing of the groundbreaking <u>Aalborg Charter</u>. The 2016 edition, hosted in Bilbao, was the scene of the signing of a new roadmap, the <u>Basque Declaration</u>.

At the <u>Aalborg Kongres & Kultur Center</u>, NAIDER will be at the forefront of the <u>European SCORE</u> <u>project</u> stand, as a partner and co-leader in the implementation of the Coastal Cities Living Labs. In the coming months we will be providing more information about our presence with news and developments.
