The [Basque Economic and Social Council \(CES-EGAB\)](#) has decided to award NAIDER the contract for support work in the preparation of the Socioeconomic Report for the financial year 2022, an annual report that sets out its considerations on the economic and social situation in the Basque Autonomous Community and which must be subsequently submitted to the Basque Government and the Basque Parliament.

At NAIDER we are looking forward to facing this challenge and to having the opportunity to collaborate with CES-EGAB.
