Yesterday, Thursday 23rd November, within the framework of the technical assistance with the Ortuella Town Council, Naider took part in the first regional meeting of schools for sustainability.

The meeting was organised and promoted by the Berritzegunea of the Department of Education of the Basque Government. The eleven schools in the Meatzaldea region gathered at the Ekoetxea in Gallarta. During the meeting, the basis of the work to be done during the school year was established and different dynamics and reflections were carried out to take to the educational centres and municipalities.

Naider is already applying the new School Agenda 2030 methodology in collaboration and coordination with the three educational centres of Ortuella: San Jose Ikastola, IES Ortuella BHI, and CEIP Otxartaga HLHI.
