The Bizkaia Provincial Council, as part of its commitment to the strategic development and competitiveness of the Territory as a whole, has launched a [Program to Promote Regional Competitiveness](#) to execute projects during this year 2021.

The program is fundamentally aimed at *Agencies of Local Development, Mancomunidades, Development Associations Rural, Councils* that do not have a Development Agency Local and *Foundations* that work in the field of local development and business competitiveness.

The eligible projects cover a broad spectrum that range from specific actions aimed at **economic reactivation and improvement of competitiveness**, to actions of a more strategic nature related to the **local / regional governance** of economic promotion and the **formulation of regional strategies** of competitiveness.

From Naider we are supporting some entities in the presentation and implementation of projects for this call.

In case you find them suggestive, we pass you some links with proposals of value that we work at Naider on issues of local/regional development and of business competitiveness and that we adapt to each case.

- REGIONAL GOVERNANCE AND STRATEGIES COMPETITIVENESS ([see link](#))
- CONSTRUCTION OF INNOVATION AND COMPETITIVENESS POLES LOCAL/REGIONAL ([see](#))
