

STRATEGIC ENVIRONMENTAL ASSESSMENT AND THE ENERGY SUSTAINABILITY REPORT OF THE ELDUAIN GENERAL URBAN PLANNING PLAN

Posted on 10/09/2020 by Naider

Category: [News](#)

From

Naider we are going to analyze the management alternatives against environmental variables of the municipality of Elduain to prepare the Strategic Environmental Assessment of the PGOU. In addition, we will carry out the energy sustainability study to include the considerations of Law 9/2019 on Energy Sustainability of the Basque Country
