Dear friends of the Naider project,

Today, May 21, 2014, marks exactly ten years of Naider's foundation. It is nothing more than a symbolic date for all of us on this side of the screen, but we wanted to humbly share it with all those who have made this first stage of Naider's life possible.

With these lines we want to share with you that our commitment for the next ten years will remain the same: effort, co-responsibility and rigor to continue advancing together towards a more just, economically competitive and ecologically responsible society. But above all, what we want with this note is to sincerely thank you for the trust you have placed in sharing your dreams in one way or another and for the consideration you have shown us every time we have been wrong.

We invite you to browse our renewed web platform www.naider.com where all the things we have done so far are collected and where the new adventures we are already on are drawn traveling with many of you.

Eskerrik asko denoi eta gogoratu ezina ekinez egiten dala!!

Besarkada haundi bat zuen etxetik,
