Coinciding with the arrival of the new academic year in September, three brilliant professionals have joined the NAIDER team. The rest of the team is thrilled to be able to explore new adventures and bring more value to our society with so much talent and energy. Welcome to your new home!

Jon Loroño (Galdakao, 1987), graduate in Business Administration and a Master's Degree in International Trade from ESIC, he has significant international experience in international organizations such as the Inter-American Development Bank, ICEX and TCI Network, in the development of territorial competitiveness and innovation projects, an area in which he has also worked as a consultant in the private sector.

Mirari Otero (Basauri, 1994), Chemical Engineer with a Master's degree in Environmental Engineering from the UPV/EHU and the University of Cantabria, she has more than five years of experience in consulting for environmental projects for both the public and business sectors, at national and international level.

Ander López (Donostia, 1990), graduate in Environmental Sciences and a Master's Degree in Ecosystem Functioning and Management from the UPV/EHU, he has more than five years of experience as a technician and environmental analyst in research centers and consulting companies, at Basque and European level.
